

Field to Fabric Quilt Company LLC

907 Main, Winfield KS
Hours: M-F 9-6, Sat 9-3

News from the Field

Summer heat is upon us. What a great time to stay inside where it's cool and sew! We have several upcoming activities to spark your creativity.

Remember the [Cowley County Fair](#), August 3-7. Entries are "open to the world". Bring them to the fairgrounds on Aug.3 from noon to 7pm. Questions? Come by the shop and talk to Sally. We have fair books with the categories and entry blanks available.

A Friday Art Walk is scheduled each month here in downtown Winfield. Our shop will feature quilting artist, Erica Plank, on Friday, August 11. Come by and see Erica's trunk show that evening; visit the other downtown businesses that have beautiful things to spark your creativity and then go out to dinner at one of our local restaurants. What a fun way to spend a summer evening!

Erica will also be teaching a class for us on Saturday, August 12. Have you ever wondered how to colorize fabric? Want to learn hand embroidery? See details below.

Several special events are coming in September: our 3rd birthday sale on September 9 (can you believe it's been 3 years!); Project Jelly Roll on September 16; on September 23 Carolyn will teach a T-shirt quilt class.

Fabric Coloring and Embroidery Class

Erica Plank, of Puyallup, Washington, will be at our shop August 11 from 5-7pm for the Friday Art Walk. She will be teaching fabric colorization and hand embroidery on August 12. A kit will be provided for you to make the birdhouse at the left. You provide a few basic supplies. Class will be held from 10am-3pm; cost is \$45. This is your

chance to learn a new technique from nationally known quilter. Call or come by to sign up.

Sidewalk Sale

Winfield's annual Downtown Sidewalk Sale is scheduled for August 12. We will have deep discounts on our clearance merchandise. New items will be added to the clearance rack, as well. Come in and see what you can get to finish that quilt you have, or to begin a new project. Sale begins at 9am and continues until 3pm.

Row by Row Experience

Row by Row Experience continues through September 5. Collect free patterns by visiting quilt shops as you travel this summer. Details are available online and at the various participating shops. Each shop will also have

kits for sale and many of the shops have designed a fabric license plate as well. Our plate is pictured on the right and is priced at \$5.99. Our row is featured below. The featherweight applique is laser cut and prefused for you. The machine can be placed vertically or horizontally to make your row more versatile. The blocks on either side are strip pieced and the strips are cut for you. What could be easier? Kit price is just \$9.99.

Row by Row Junior follows the same rules and time schedule as adult Row by Row Experience, June 21 through September 5. Row by Row Junior designed

the five different row patterns so you can be sure they are kid-friendly. Make it an adventure traveling to collect all five and see how different shops make up their row. Our row is Friendship Bracelets using 2 1/2 inch strips of fabric. Patterns are free, and kits are priced at \$7.99.

We'll be awarding "I Made This!" ribbons to the first five kids who return with something made using a Row by Row Junior pattern.
