

## Field to Fabric Quilt Company LLC

907 Main, Winfield KS  
Hours: M-F 9-6, Sat 9-3

# News from the Field

We hope you all had a wonderful Memorial Day holiday with family and friends. Summer is now here and that brings new and exciting things to your local quilt shop.

We have various new lines of fabric that have come in, with more shipping each week. There are various kits and precuts to choose from as well. Remember that most of our fabric is only \$10.99 per yard. That is a great price for high quality fabric! We also carry a nice selection of wideback fabrics for using on the back of your quilts; no piecing the back together.

The new Kansas Troubles fabric- Gooseberry Lane - is scheduled for delivery soon! Give us a call if you are a KT fan and see if it has arrived!!

A Friday Art Walk is scheduled each month here in downtown Winfield. Our shop will be having music outside (weather permitting) on Friday, June 2. Come by and see us that evening; visit the other downtown businesses that have beautiful things to spark your creativity and then go out to dinner at one of our local restaurants. What a fun way to spend a summer evening!

---

A "Mystery Table Runner" class is scheduled for June 17. Carolyn will be teaching this mystery. A supply list will be given to you with payment and the pattern will be given to you on class day. Come and enjoy a fun day sewing and go home with a completed table runner in your choice of fabrics. Class will be held from 9am to 3pm. Cost is \$30. You may purchase new fabric for the class at a 10% discount or use from your stash.

---

"Random Access" will be held on June 24, and Tony Munoz will be back to teach. This class uses fat quarters that are cut up and placed "randomly" to create a fun block. The quilt can be made to the size you desire by making more blocks. Tony is a fun teacher, so come in and sign up. Supply list will be given to you with payment. You can purchase fat quarters at a 10% discount for the class or use from your stash. Reserve your spot today!

Row by Row Experience begins on June 21. Collect free patterns by visiting quilt shops as you travel this summer. Details are available online and at the various participating shops. Each shop will also have kits for sale and many of the shops have designed a fabric license plate as well. Our plate is pictured on the right.

"Row by Row On The Go! is 2017's theme and we'll be participating here at Field to Fabric Quilt Co. We're super excited about Row by Row Experience's brand new program, Row by Row Junior, too! It's designed for kids ages 6 to 14. They travel along with an adult. They collect free row patterns designed just for them to make and they can learn to sew at home with family help and support from

[www.rowbyrowexperience.com](http://www.rowbyrowexperience.com).

Row by Row Junior follows the same rules and time schedule as adult Row by Row Experience, June 21 through Labor Day. Kids need to be in the shop to get the free pattern handout, but anyone can buy a kit. Grandmothers and traveling family can bring them home as gifts or souvenirs.

Row by Row Junior designed the five different row patterns so you can be sure they are kid-friendly. Make it an adventure traveling to collect all five and seeing how different shops make up their row. Our row is Friendship Bracelets using 2 1/2 inch strips of fabric.

We'll be awarding "I Made This!" ribbons to the first five kids who return with something made using a Row by Row Junior pattern.

---
